Network Disclosure Announcement No. 808

Short Term Public Notice Under Rule 51.333(a)
CenturyLink's Internet address: <http://www.centurylink.com/disclosures/>

E9-1-1 Served by CenturyLink's PlantCML Sentinel ECS-1000 Routers/ANI-ALI Controllers in the State of Missouri

First Implementation Date: *June 30, 2018*

Original Date Posted: March 28, 2018

Summary:

CenturyLink announces the planned decommissioning of Branson ECS1000 9-1-1 Selective Router. All 9-1-1 trunks will be transferred to an existing DMS-100 switch that shall provide the Selective Router functions. The Telcordia® LERG™ has been updated accordingly. In addition, the 9-1-1 voice trunk network currently provided by CenturyLink's ECS-1000 serving Sixteen Missouri PSAPs will be rehomed to the Jefferson City DMS100 CenturyLink Selective Router. Carriers will need to provision new end office 9-1-1 trunks (ES trunks) for the impacted counties/PSAPs to the DMS100 CenturyLink Selective Router, replacing existing trunks to CenturyLink's ECS-1000 Selective Router. After the migration, the Branson ECS1000 Selective Router will be decommissioned and the 9-1-1 Selective Routing services in Missouri will be handled by the pertinent DMS-100 CenturyLink Selective Router. The impacted Counties and PSAPs include:

- Douglas County Sheriff
- Western Missouri 911
- Barton County 911
- Dallas County
- Hickory County 911
- El Dorado Police Dept.
- Dade County Emergency Services
- Barry County 911
- Aurora Police Dept.
- Christian County Emergency Services
- Lawrence County 911
- Polk County 911
- Webster County 911
- Taney County
- Stone County
- Cedar County Sheriff
