**Public Notice No. 857**

(Filed under Rule 51.329(a), with Information Required by Rule 51.327(a))

**Public Notice of Copper Retirements Under Rule 51.333**

**Qwest Corporation d/b/a CenturyLink's Internet address:**

**<http://www.centurylink.com/disclosures/>**

**Copper Retirements in Minnesota.**

**First Implementation Date:** *November 30, 2022*

**Original Date Posted:** **August 12, 2020**

**Summary:**

Copper Retirements are necessary to respond to various factors in the Outside Plant, including road construction, maintenance problems, and growth accommodation. Replacement cables may be either copper or fiber. Specific information will be provided with each disclosure.

Description of any changes in rates, terms or conditions that will accompany the planned change(s):

As a general matter, the retirement of these copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on the replacement fiber or copper facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that CenturyLink QC offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which CenturyLink offers the replacement service that the interconnecting entity selects. CenturyLink, separately from this notice, will provide interconnecting entities with further information regarding service migration options that CenturyLink offers.
