821*

Short Term Public Notice Under Rule 51.333(a)
CenturyLink's Internet address: <http://www.centurylink.com/disclosures/>

**E9-1-1 Served by CenturyLink's PlantCML Sentinel ECS-1000
Routers/ANI-ALI Controllers in the State of Wisconsin.**

First Implementation Date: *June 29, 2019*

Original Date Posted: March 29, 2019

Summary:

CenturyLink announces the planned decommissioning of Berlin ECS1000 9-1-1 Selective Router. All 9-1-1 trunks will be transferred to an existing DMS-100 switch that shall provide the Selective Router functions. The Telcordia® LERG™ has been updated accordingly. In addition, the 9-1-1 voice trunk network currently provided by CenturyLink's ECS-1000 serving two Wisconsin PSAPs will be rehomed to the Berlin CenturyLink Selective Router. Carriers will need to provision new end office 9-1-1 trunks (ES trunks) for the impacted counties/PSAPs to the DMS100 CenturyLink Selective Router, replacing existing trunks to CenturyLink's ECS-1000 Selective Router. After the migration, the Berlin ECS1000 Selective Router will be decommissioned and the 9-1-1 Selective Routing services in Missouri will be handled by the pertinent DMS-100 CenturyLink Selective Router. The impacted Counties and PSAPs include:

- Waushara County E. S. & Sheriff
- Green Lake 911

9-1-1 Selective Router Name	Berlin
9-1-1 Selective Router CLI	BRLNWI011ED
9-1-1 Selective Router Type	ECS1000
Current Point Code	232 099 015
New 9-1-1 Selective Router CLI	BRLNWI012ED
New 9-1-1 Selective Router Type	DMS100
New Point Code	239 012 002
Implementation Date	June 29, 2019

Interface Requirements: Technical publications for the 9-1-1 Selective Router may be obtained from:

LERG
