

CENTURYLINK® VYVX BROADCAST FIBER SERVICE

WHEN IT HAS TO BE HIGH-QUALITY, VYVX IT

Ever-increasing adoption of high-definition televisions and multi-screen delivery, and growing demand for HD video means quality is paramount for broadcast media. Because high-quality video starts at the point of acquisition and continues through the distribution and delivery process, you need end-to-end control. That's why some of the world's largest media companies trust CenturyLink® Vyvx® Solutions to deliver the most-watched events across the globe.

CenturyLink offers robust solutions and direct connectivity to an ever-growing list of professional sports, event and college venues with occasional and full time services, and global coverage that is monitored and managed 24/7. When you need your video feeds acquired in the best possible quality, the CenturyLink® Vyvx® Broadcast Fiber service delivers the quality and confidence you demand.

Business Solutions

Feature-Rich Solutions: A wide array of options enable you to select services that fit and cater to your specific needs, including Digital Video Service, MPEG-2 Compressed Video Service, Analog Video Service and a VenueNet+ Sports Package.

Improved Reach: With our global video delivery network and thousands of locations ready for customers to connect, CenturyLink delivers.

Convenience and Accessibility: Achieve greater transparency with our fast and free 24/7 online service booking with access to online reports, reservation confirmations, good nights and invoices.

High-Quality Management, Monitoring and Customer Service: Receive outstanding service from our team of video technicians that will manage your service for the best possible quality.

Technical Features / Capabilities

Digital Video Service: This service is provided as occasional or full time at bandwidths ranging from 3 Mbps to 213 Mbps ASI, SD-SDI 270 Mbps and HD-SDI 1.5 G.

MPEG-2 Compressed Video Service: This service is provided as occasional or full time at bandwidths ranging from 5 Mbps to 22 Mbps.

Venuenet+ Sports Package: Bundles all transmission pieces required by rights holders, including VenueNet+, first mile local access, video transmission, Internet and phone lines. Available in nearly every professional sports venue across the country, and a growing number of college venues as well.
