

## Qwest QSearch

QSearch is an electronic directory assistance product that includes over 150 million listings in all 50 states and over 16 million listings in all 13 Canadian provinces and territories. You can access residential, business and government listings with direct access via the Internet, direct-dial network or Electronic File Transfer (EFT). QSearch offers superior directory accuracy with daily updates of an industry-leading database of telephone listings.

QSearch is available throughout the United States. QSearch requires Internet access, which is available through Qwest or a third-party ISP.
