<sup>1</sup>Standard pricing. Promotional offers (including bundle pricing) may be available; ask for details. Prices/package components subject to change. Other charges may apply and will be disclosed to you prior to being incurred. Rates do not include taxes, surcharges, and other fees. Service not available in all areas. Other restrictions may apply. All trademarks are owned by CenturyLink.

<sup>4</sup> If activated, CenturyLink High-Speed Internet customers will receive the first 2 Microsoft Exchange mailboxes at no additional charge.

<sup>5</sup> Fax over E-mail feature, with up to 20 outgoing Fax pages per month (including cover page(s) if used) is included with CenturyLink High-Speed Internet, if activated. CenturyLink High-Speed Internet customers may select upgraded Fax over E-mail plans for additional charges, shown above. Customer must activate the Fax over E-mail feature via SiteControl in order to use it. Confirmation that the Fax was processed can be sent to the CenturyLink High-Speed Internet account administrator or user. Confirmation pages are not included in the monthly page total. The number of Faxes can be monitored in SiteControl. A maximum of 3 users per CenturyLink High-Speed Internet account can use the Fax over E-mail feature. Users are identified by the CenturyLink High-Speed Internet account administrator via SiteControl. Faxes are stored for 4 months.

<sup>6</sup> An additional Fax over E-mail number provides you with an additional "phone number" over which you can receive Fax over E-mail faxes. The number assigned to you for that purpose can only be used for Fax over E-mail Service, and is not enabled for other services, such as voice service. Fax over E-mail numbers are designed to point to your IP e-mail address, so faxes sent to that number appear in your e-mail inbox.
