APPLICATION OF INFORMATION SERVICES SCHEDULE

This Information Services Schedule contains the descriptions, terms and conditions, and rates/charges applicable to services furnished by CenturyLink Communications, LLC, between and among points within the United States, U.S. possession or territory. The services offered herein by CenturyLink Communications, LLC, whether under that name, or the trade or brand name CenturyLink, are subject to the terms and conditions of this Rate Schedule.

If there is a conflict between information, terms & conditions, or service guarantees between the Information Services Schedule and the signed contract, the signed contract will take precedence over the Information Services Schedule. The Company's Information Services Schedule is located at <http://www.centurylink.com/Pages/AboutUs/Legal/Tariffs/displayTariffServiceAgreements.html>

D. SERVICE OFFERINGS AND RATES (N)

a. Definition of Terms (T)

Section 2, General, of the CenturyLink Rates and Services Schedule, is made a part of this Services Schedule by reference.

b. Rules and Regulations (T)

Section 2, General, of the CenturyLink Rates and Services Schedule, is made a part of this Services Schedule by reference.

c. References (T)

Business Voice Long Distance Service Offerings, Private Line Service Offerings, and Advanced Communications Service Offerings, of the CenturyLink Rates and Services Schedule, are made a part of this Services Schedule by reference.

D. SERVICE OFFERINGS AND RATES (Cont'd)

(T)

1. IP Voice Domestic Services

E. PROMOTIONS

From time-to-time, the Company may provide promotional offerings to its customers. Terms and conditions of promotions may be limited to certain dates, times, market segments, and/or locations. The Company may establish temporary, promotional programs or market researches wherein it may waive or reduce non-recurring, recurring, or usage charges to introduce present or potential customers to a service not currently being received by the customer for the purpose of encouraging customers to try different telecommunication services. The Company may also offer incentives, benefits or gifts to customers to encourage the purchase or retention of any such service or product. As a condition of subscribing to a promotional offering, the Company may require the customer to sign a term plan agreement. All such offers are subject to facility availability.

F. OBSOLETE SERVICE OFFERINGS AND RATES

(N)

1. IP Voice Domestic Services

(M)

a. IP Long Distance

General Description

IP Long Distance (outbound from the customer) allows CenturyLink customers to terminate traffic to the Public Switched Telephone Network ("PSTN"), domestically and internationally, using an IP-based interface. Customer must deliver all traffic to CenturyLink using Voice over Internet Protocol ("VoIP") in Session Initiation Protocol ("SIP").

Long distance domestic calling is available with the Company's Session Initiation Protocol (SIP) trunk service. If the customer does not negotiate a rate for long distance used with SIP Trunk, the default rate will apply.

Terms and Conditions

CenturyLink requires customers to sign a contract containing terms and conditions for IP Voice Services.

Specifications

As customers share CenturyLink resources utilized in providing these IP Voice Services, all traffic must comply with requirements specified in the IP Voice Services Guide and customer contracts so that other customers using IP Voice Services are not adversely impacted. The Company reserves the right to refuse to accept, suspend or limit any or all traffic that does not satisfy these requirements or that CenturyLink believes is adversely affecting other customers or the Company network. CenturyLink may alter the specifications of the IP Voice Services from time to time in order, among other reasons, to keep pace with market developments. Such alterations may impact the specific technical requirements that customers must satisfy in order to continue to use IP Voice Services.

CenturyLink specifications applicable to the Company's IP Voice Services are set forth at the following URL link:

(T)(M)

b. IP Toll Free

General Description

IP Toll Free service (inbound to the customer) allows CenturyLink customers to receive 8XX toll free traffic from the domestic PSTN, using an IP-based interface. Customers must receive all traffic from CenturyLink using VoIP in SIP protocol. This service supports the Company's standard 8XX features including enhanced services.

Toll Free domestic calling is available with the Company's Session Initiation Protocol (SIP) trunk service. If the customer does not negotiate a rate for toll free used with SIP Trunk, the default rate will apply.

Terms and Conditions

CenturyLink requires customers to sign a contract containing terms and conditions for IP Voice Services.

Specifications

As customers share CenturyLink resources utilized in providing these IP Voice Services, all traffic must comply with requirements specified in the IP Voice Services Guide and customer contracts so that other customers using IP Voice Services are not adversely impacted. The Company reserves the right to refuse to accept, suspend or limit any or all traffic that does not satisfy these requirements or that CenturyLink believes is adversely affecting other customers or the CenturyLink network. CenturyLink may alter the specifications of the IP Voice Services from time to time in order, among other reasons, to keep pace with market developments. Such alterations may impact the specific technical requirements that customers must satisfy in order to continue to use IP Voice Services.

a. International IP Toll-Free (Cont'd)**2. International Toll Free Service (ITFS)****Total Advantage**

Total Advantage (TA) calls are billed as follows: Initial period is 30 seconds; each additional period is billed in 6 second increments (30/6), except Mexico to the U.S. which is billed as 60/60. Canada to U.S., U.S. to Canada or Canada to Canada Toll Free calls are billed at 30/6 billing increments.

Total Advantage international rates are not eligible for any volume discounts but do contribute toward meeting minimum usage requirements.

TA customers will also be charged the following as applicable:

	<u>NONRECURRING CHARGE</u>	<u>MONTHLY RATE</u>
• Per ITFS Number	—	\$10.00
• Per UIFN	\$160.00	10.00

Rates for TA customers whose toll free calls originate from Mexico will be based on the following four zones:

<u>MEXICAN ZONE</u>	<u>COUNTRY/AREA CODE</u>
Zone 1	175
Zone 2	176 & 179
Zone 3	177
Zone 4	178

In certain countries, the following applications are not permitted for ITFS/UIFN: calling card, VRU (Voice Response Unit), operator services, third-country termination, dial tone, dial up access, dead air or any other response the individual carrier deems inappropriate to ITFS. Originating carriers treat all carriers equally regarding these restrictions. Restrictions on usage are imposed on all other carriers, including CenturyLink, by the originating carriers. ITFS service orders violating the restrictive guidelines of the originating carrier will not be processed by the Company's ITFS/UIFN implementation group. Toll-free originating carriers finding usage in violation of their guidelines can, and will, block too-free numbers on the originating side of the call without notice or appeal. Carriers may change their restrictions to be more restrictive without notice to CenturyLink. Information regarding which country has this type of limitation is located in the "ITFS/UIFN Availability Matrix". CenturyLink is able to supply a copy of the "ITFS/UIFN Availability Matrix" upon request.

a. International IP Toll-Free (Cont'd)

2. International Toll Free Service (ITFS)

Total Advantage (Cont'd)

CenturyLink cannot guarantee that all new ITFS/UIFN numbers are tested due to random voluntary testing of ITFS/UIFN numbers by the foreign PTTs. ITFS/UIFN numbers may be disconnected by foreign PTTs without advanced notification due to Customer fraudulent use or no usage. Customer agrees to maintain minimum usage for each number on a regular basis and adhere to the restricted application guideline (as stated in Availability Matrix). In situations when an ITFS/UIFN is disconnected by a foreign PTT, it is the Customer's responsibility to submit an order for a new number. CenturyLink does not guarantee that the same number can be re-instated. All PTT's reserve the right to decline, cancel, or change international services at any time with or without notice.

Per minute rates are the same as the toll free voice rates located in the Company's International Rates and Services Schedule, Business Voice Long Distance Services, and Total Advantage.

c. Web Conferencing (Cont'd)Adobe Connect Web Conferencing ServiceService Description

Adobe Connect is an obsolete Web Conferencing service providing access to private online meeting rooms using just a web browser and Adobe Flash Player. It provides real-time interaction and sharing of data over the web by moderators and participants during a conference. Customers may continue to use the service and may make changes as long as service continues to be provided at the same customer premises. However, no additions or transfers/moves are permitted.

Service Term/Renewal

All Adobe Connect service requires a 12-month commitment. Service will commence upon a service commencement date and continue for 12 months thereafter, with 12-month renewal terms continuing indefinitely thereafter. Either party may terminate this attachment at the end of a term by providing written notice to the other party of such termination at least 90 days prior to the end of such term. If customer cancels Adobe Connect for convenience during a term, customer will pay CenturyLink a cancellation charge equal to 100% of the Adobe Connect charges that customer would have paid to CenturyLink for the remainder of the current term, because CenturyLink's vendor does not allow CenturyLink to cancel service during a term and CenturyLink would be required to reimburse its vendor for the entire term. Customer must follow the service termination notice process as outlined in the agreement.

Microsoft Office Live MeetingService Description

Microsoft Office Live Meeting is a Web Conferencing service which provides an online meeting space that customers subscribe to or that an organization hosts internally.

Service Term/Renewal

All Microsoft Live Meeting micro-sites require a 12-month commitment. Recurring monthly charges for micro-sites are billed in equal monthly installments, in advance, for the upcoming month's services. Customer is liable for the full term charge for micro-sites regardless of any agreement expiration or termination date. Service will commence upon a service commencement date and continue for 12 months thereafter, with 12 month renewal terms continuing indefinitely thereafter. Either party may terminate this attachment at the end of a term by providing written notice to the other party of such termination at least 90 days prior to the end of such term. If customer cancels Live Meeting for convenience during a term, customer will pay CenturyLink a cancellation charge equal to 100% of the Live Meeting charges that customer would have paid to CenturyLink for the remainder of the current term. Customer must follow the service termination notice process as outlined in the agreement.

Active HostService Description

Active Host provides customers the ability to purchase CenturyLink Web Conferencing Service based off the number of users who make active use of the service. Active Hosts are Named Users that hold one or more meetings per month. Active Hosts can hold an unlimited number of web meetings provided that each Active Host holds no more than one (1) meeting at any point in time.

Terms and Conditions

Each meeting must be hosted by a Named User and is limited to the total number of maximum meeting participants, including the Named User.

Customer may increase its number of Named Users at any time following the Customer Account Page process as outlined in the agreement.

Annually the required Active Host license purchase amount will be reevaluated to calculate and bill for the minimum subscription fee for the next year based on Active Hosts count.

Customer's are required to sign a term commitment with a minimum initial term of 24 months for each CenturyLink Web Conferencing subscription, and during the initial 12 months, all Active Hosts purchased require a minimum equal to the greater of: (1) 15% of the Customer's total employee count or (2) 100 licenses. Additional service agreement rates, terms and conditions are located in the Customer's agreement with the Company and in the Company's Interstate Rates and Services Schedules.

The following charges apply in addition to the rates associated for the use of the Company's Web Conferencing Service as described in the Customer's agreement with the Company and in the Company's Interstate Rates and Services Schedules.
