

CenturyLink[®] Privacy Data Sheet for Network Protection Service (NPS)

This Privacy Data Sheet describes the processing of personal data by Network Protection Service (“NPS” or the “Service”).

NPS is provided directly by CenturyLink to its customers (“Customers”) for use by Customer and Customer’s end users (each an “End User”).

Processing of personal data

CenturyLink may process personal data regarding Customer and Customer’s End Users in the course of providing the Service. Certain personal data may be viewable by others even after it has been deleted by CenturyLink, if the Customer or End User has shared the personal data with others. In the course and scope of work contracted by Customers of CenturyLink for the Service, CenturyLink will process personal data Customers provide, which may include the personal data listed:

- IPv4 addresses and IPv6 addresses
- Protocols such as UDP/TCP/ICMP

This table describes how CenturyLink processes personal data in the course of providing the Service.

Purpose of processing	Authorized individuals with access (and reason for access)	Retention period and reason for retention/deletion
Necessary to provide services	CenturyLink personnel: To troubleshoot and support services Customer personnel: Through interactions with CenturyLink Security Operations personnel with access limited to only that Customer’s End User data	<ul style="list-style-type: none">• Counts on router of instances where Customer specified rules matched traffic to and from specified IP addresses, ports, and protocols

Transfers of personal data across borders

CenturyLink uses Standard Contractual Clauses to transfer personal data outside the European Economic Area to countries that have not received a determination of adequacy from the European Commission.

CenturyLink processes and stores personal data associated with this service at these locations:

Organizations with authorized access to End User data	Storage location	Access location
<ul style="list-style-type: none"> CenturyLink personnel Customer personnel 	Globally - counts are stored where the router providing NPS services resides	<u>APAC:</u> India Singapore <u>Europe:</u> United Kingdom <u>North America:</u> Arizona, USA Colorado, USA Minnesota, USA <u>South America:</u> Argentina Brazil <u>Or</u> From any location via authorized secure access through the Internet

Sub-processors used (third party vendors)

CenturyLink may share personal data described in this Privacy Data Sheet with CenturyLink affiliates and vendors.

CenturyLink uses the following third-party vendors who also process personal data to provide the Service to Customers and their End Users.
