

FULL TIME DISTRIBUTION

A CENTURYLINK VIDEO CLOUD SOLUTION

You're expanding into new markets, developing new channels and launching online linear video. Having a trusted, experienced provider who can help solve all of your full time distribution needs on a global basis is critical.

Our fully managed, full time distribution service, in combination with our Content Delivery Network, helps make it easier and more cost-effective to launch channels across the globe.

As your single solutions provider, CenturyLink can help you stay current with evolving and advanced capabilities—so you can stay focused on developing compelling content. Rely on us to help deliver your programming to audiences everywhere.

Business Solutions

- **Increase global market reach:** CenturyLink's Global Distribution solution offers an integrated, secure solution across our fiber-based network in combination with our teleport services, allowing you to efficiently reach single or multiple platforms with the same content, around the world.
- **Deliver HD-quality programming:** With our high-bandwidth, fiber-based network reaching over 45 Direct-to-Home (DTH) and Cable-MSO platforms, we can support the highest quality possible for content delivery.
- **Address multi-screen delivery:** Whether it's an introductory step for your emerging channel, or delivering established content to viewers on multiple devices, CenturyLink can help you scale your delivery appropriately. The combination of Vyvx Solutions and our CDN-based Media Delivery Services offering allows you to do just that.
- **Secure market share with additional efficiency:** Our vast connectivity footprint, combined with our award-winning teleport services, gives you an efficient and scalable option for global delivery.

CenturyLink® Vyvx® Solutions deliver every event with mission-critical care. With a track record of quality built over years, we've gained a leadership position in domestic and global full-service video transmission solutions. Some of the largest media and entertainment companies worldwide turn to Vyvx for their high-profile news, sports, entertainment and other special broadcasts.

Look to CenturyLink as your single provider to support global broadcast distribution, from creation to consumption.
