

CISCO WEBEX TRAINING CENTER DELIVERED BY CENTURYLINK

DELIVER A RICH, INTERACTIVE CLASSROOM EXPERIENCE ONLINE

The Cisco® WebEx® Training Center delivered by CenturyLink can broaden the reach and effectiveness of your corporate training programs. You can roll out new products and promotions across your global sales organization in days instead of weeks or months, and accelerate product adoption by giving customers convenient access to web-based training. You can keep your workforce at peak proficiency by offering self-paced courses, and use subject matter experts to best advantage by recording presentations for future use. You can even transform your training program into a profit center through built-in e-commerce capabilities.

Business Solutions

Increase Training Effectiveness with Multimedia and Assessment Tools: Instructors can combine high-quality video, audio and content sharing to deliver stimulating courses, demonstrations, and events. They can facilitate group collaboration through breakout sessions and encourage lively discussions with participants through chat and threaded Q&A. In addition, they can measure class effectiveness and individual proficiency with integrated testing, grading, and polling tools. Participants can learn at their convenience by viewing recorded sessions, and take advantage of online computer labs for practical application training.

Count on Cisco and CenturyLink for Secure, Scalable WebEx Service: Cisco WebEx Training Center is easy-to-use and requires no new software or hardware. Cisco WebEx services are delivered on demand over the Cisco® Collaboration Cloud, a global carrier-grade network. Whether you need to train 1 or 1000 people, you can be confident of high service availability and seamless audio, video, and data sharing. The Cisco Collaboration Cloud employs a robust, multilayer security model to protect session data. This model includes the use of 128-bit Transport Layer Security (TLS) and 256-bit Advanced Encryption Standard (AES) encryption for data transmission along with granular policy controls. Security processes are stringently audited, with compliance details provided in the Statement on Standards for Attestation Engagements (SSAE) report.

Integrate with your Existing LMS: Cisco WebEx Training Center fits easily into your existing training environment with open application programming interfaces (APIs) to integrate with leading Learning Management System (LMS) solutions and support for Shareable Content Object Reference Model (SCORM) standards.

Connecting geographically dispersed employees, customers, partners and suppliers around the world at a moment's notice has never been easier.

CenturyLink's Collaboration Solutions offer a suite of audio, video and web-conferencing services that help you boost workplace productivity while maximizing your organization's time, resources and global communications.

CenturyLink lets you meet with confidence using a web conferencing service that is simple, intuitive, highly reliable and makes it easy to host or join a meeting.

Technical Features / Capabilities

- Promote critical learning skills with virtual breakout sessions.
- Deliver practical application training through unique hands-on labs.
- Include up to 1000 participants per session.
- Share documents, applications, high-quality video, and whiteboards.
- Stream videos at up to 360p resolution (640 x 360 pixels) with auto-adjusting video quality.
