NHC ID	RFP Section	Optional Capability	Price Narrative Requirements for Mandatory IP-Based Services
Response: 			
20731	B.3.2.1-3	No	Initially, this table shall be completed using street addresses as provided by the Government.
Response: 			
20737	B.3.2.3	No	Prices for Cable High Speed Access shall not vary by location within each domestic region (See Section B.6.6).
Response: 			
20747	B.4.1	No	In certain circumstances, a customer-premises based SED unit may additionally function as an element of a network service, such as when it also functions as an edge router for a Layer 2 VPN tunneling arrangement. In such an arrangement, normal SED charges shall apply.
Response: 			
20748	B.4.1	No	Unless otherwise specifically agreed to by the Government, all equipment (hardware, firmware, and software) needed within the contractor's network to provide service (e.g., any wireline access arrangement-implementing equipment [such as a SONET access arrangement ADM], any equipment at contractor's Point of Presence (POP), or equipment otherwise within the contractor's backbone network [POP to POP]) is part of the service (access and/or transport service) and shall not be separately priced as a SED.

NHC ID	RFP Section	Optional Capability	Price Narrative Requirements for Mandatory IP-Based Services
Response: 			
20749	B.4.2	No	The contractor shall provide SEDs necessary and sufficient to enable the Government to implement all proposed services on an end-to-end basis, take advantage of economies of scale in access aggregation and integration, and implement the necessary Management and Applications Service and Security Service functionality.
Response: 			
20750	B.4.2	No	No contractor pricing for a SED shall be considered by the Government, either during the procurement or for addition to the contract by the modification process, unless the contractor's non-recurring price for the proposed device is equal to or less than the lowest comparable price contained in the GSA Multiple Award Schedules (MAS) for the same item from the contractor, where such pricing is contained in the schedules of the MAS covering information technology and telecommunications equipment.
Response: 			

NHC ID	RFP Section	Optional Capability	Price Narrative Requirements for Mandatory IP-Based Services
20751	B.4.3	No	However, for pricing purposes, the contractor shall identify each SED by its separately priced components, as described below.
Response: 			
20752	B.4.3	No	SEDs pricing shall include separate CLINs for the following SED Types: (1) stand-alone units, (2) the base units of packaged SEDs, (3) the separately-priced additional, configurable components of packaged SEDs, and (4) SED accessories.
Response: 			
20760	B.4.3.2.2	No	Also for pricing purposes, the contractor shall place the priced components for a SED in one of four separate technology-related pricing sections, namely (1) Wireline SEDs, (2) Wireless SEDs, (3) Satellite service associated SEDs, and (4) Management, Applications, and Security Service associated SEDs.
Response: 			
20766	B.4.8.1	No	De-installation of contractor-owned devices installed on the customer's premises (a fixed location), including storage, packaging for shipment, and/or transportation, shall be provided by the contractor at no additional charge to the Government.

NHC ID	RFP Section	Optional Capability	Price Narrative Requirements for Mandatory IP-Based Services
Response: 			
20761	B.4.8.1 (a)	No	SED prices shall be composed of some or all of the following elements: A charge for the SED. The contractor shall provide a one-time charge (the Device Non-Recurring Charge or DNRC) and a monthly charge for a contractor-selected time period (the Device Monthly Recurring Charge or DMRC) (See Section B.4.8.2). Refer to Table B.4.8.1-1 for specific requirements regarding the submission of DMRC CLINs. The Agency will select either a DNRC or DMRC at time of order. The DNRC shall be determined by a fixed discount from the manufacturer's official list price for the SED. At the end of the contract, all DMRCs terminate regardless of any remaining months in the selected time period.
Response: 			
20762	B.4.8.1 (b)	No	SED prices shall be composed of some or all of the following elements: (b) An NRC to cover initial installation and outside moves of a SED connected at a fixed location. For a mobile SED, this charge element shall apply for delivery of the device(s) to the user-designated location.
