

CENTURYLINK LOCAL SERVICE PROVIDERS BY NPA-NXX

The following pages list CenturyLink's local NPA-NXXs in ascending order. Use your PDF viewer search functionality to locate your NPA-NXX (search without the hyphen). Please see important information below.

- The "Information About Your Account" section of your monthly billing statement lists your CenturyLink independent local exchange carrier ("ILEC") providing service at your address(es) if the service provider is a CenturyLink ILEC other than Qwest Corporation. If you have multiple CenturyLink service providers or to locate the name of the CenturyLink local exchange carrier providing service at a Service Address in your contract, look for the NPA-NXX in the first column of the following pages. The NPA-NXX is a number consisting of an Area Code plus the first three digits of the telephone number.
- If you receive Service from CenturyLink and your NPA-NXX is not listed, the local service provider for your area may be Qwest Corporation, an affiliate of CenturyLink. Qwest tariffs and catalogs are available through the [CenturyLink Tariff Library](#).
- The NPA-NXXs are only those assigned to CenturyLink. NPA-NXXs associated with numbers ported from another carrier are not included, and you will need to locate your specific CenturyLink service provider through other means.
- CenturyLink will attempt to keep the information provided on the following pages timely and accurate, but we make no guarantees, and disclaim any warranty or representation about its accuracy, timeliness, completeness, or appropriateness for a particular purpose. CenturyLink may change the information at any time without notice. You may not redistribute, republish, or make public (outside of your organization), our Local Service Providers by NPA-NXX table or its contents.
- On June 1, 2022, CenturyLink of Nevada, LLC is the local service provider for NV (Nevada) NPA/NXXs for which the local service provider was previously designated as Central Telephone Company.
- **As of October 1, 2022, the list of NPA-NXXes served by Brightspeed ILECs are located at [NPANXX_Entity.pdf \(brightspeed.com\)](#)**
