If you hang up before pressing **9**, the line will remain connected to your mailbox for up to 45 seconds, and you could accidentally reset your PIN if you pick up the phone again and dial another number within those 45 seconds.

Your phone must be set for Tone dialing, not Pulse dialing to work with your mailbox.

Your CenturyLink™ Voicemail Direct can store up to 8MB of messages, which is around 10 minutes of voice messages.

Your CenturyLink™ Voicemail Direct will store unread messages up to 15 days and read messages up to 5 days.

If your mailbox is full, instead of your greeting, callers hear "Mailbox for [mailbox name] Sorry, the mailbox is full and there is not enough space to leave a message." The system will hang up on the caller. If this happens, press the ***** key during this greeting in order to access your messages.
