**JOINT PETITION FOR APPROVAL OF THE AMENDMENT OF THE INTERIM
SERVICE ARRANGEMENT FOR THE STATE OF NEVADA UNDER SECTIONS 251
AND 252 OF THE TELECOMMUNICATIONS ACT OF 1996**

Central Telephone Company d/b/a CenturyLink and New Cingular Wireless PCS, LLC d/b/a Cingular Wireless (collectively referred to as the “Parties”), hereby petition the Public Utilities Commission (“PUC” or “Commission”) for approval of the Amendment to the Interim Service Arrangement for the State of Nevada, attached hereto as Attachment A (the “Amendment”).

The Parties submit the Amendment for approval in accordance with the terms of Section 252(e) of the Telecommunications Act of 1996 (the “Act”). The Parties request that the Commission approve the Amendment in accordance with the requirements of Section 252(e) of the Act by determining that the grounds for rejection of such an Amendment set forth in Section 252 (e)(2)(A)(i) and Section 252 (e)(2)(A)(ii) of the Act are not applicable to the Amendment. With respect to Section 252(e) (2) of the Act, the Parties assert that the Amendment does not discriminate against any telecommunications carrier not a party to the Amendment. The implementation of the Amendment is consistent with the public interest, convenience, and necessity. The Agreement does not violate any requirement of the Commission.

The Parties respectfully request that the Commission expeditiously approve the Amendment consistent with the intent of the Act.

Attachment 1

Notwithstanding anything set forth in the Interim Service Arrangement to the contrary, the following terms and provisions shall govern the exchange of Non-Access Telecommunications Traffic, as defined in the Order, between the Parties.

1. General

- 1.1. Bill and Keep shall mean the originating Party has no obligation to pay terminating charges to the terminating Party.
- 1.2. Non-Access Telecommunications Traffic shall have the meaning set forth in 47 CFR §51.701(b) that is originated or terminated as wireless traffic by CMRS' end user.
- 1.3. All other terms not otherwise defined in this Amendment are as defined in the Interim Service Arrangement.

2. Intercarrier Compensation.

- 2.1 Bill and Keep shall apply to the exchange of Non-Access Telecommunications Traffic, solely when such traffic terminates to the end users of one of the Parties. This compensation arrangement shall supersede any previous usage-based terminating charges for End Office Call Termination, Tandem Switched Transport, Tandem Transmission charges and/or FCC – ISP Rate Caps listed in Exhibit A of the ICA, including but not limited to:

2.1.1. End Office Switching, Tandem Switching and/or Common Transport charges; or

2.1.2. Any "FCC Opt-In Compensation" or equivalent charges assessed in accordance with the interim rates previously prescribed pursuant to the *Order on Remand and Report and Order*, FCC 01-131, CC Dockets No. 96-98 and 99-68, adopted April 18, 2001 and subsequent orders of the FCC.

- 2.2. Notwithstanding anything in this Amendment or in the Interim Service Arrangement to the contrary, Bill and Keep shall not apply to the right of CenturyLink to be compensated for Transit Traffic that transits a CenturyLink Tandem. Such Transit Traffic shall be at the same rates that existed prior to this Amendment, and any adjustment to reciprocal compensation rate element(s) that are assessed by a Party for terminating Non-Access Telecommunications Traffic pursuant to the Order shall not apply for purposes of calculating the rate(s) to be charged by CenturyLink for providing a Transit Service.

3. CMRS agrees that it will only route traffic from its own wireless End User Customers (including wireless traffic of end user customers of CMRS's wireless roaming partners) to CenturyLink for termination to CenturyLink end user customers or as Transit Traffic destined for a third party. In the event CMRS routes any traffic from third parties to CenturyLink in violation of this paragraph, CenturyLink shall be entitled to seek injunctive relief and to recover damages, including without limitation, compensation for such traffic at the rate that is then applicable to intrastate or interstate access traffic, as appropriate.
4. The Parties understand and agree that, based on existing traffic patterns, no additional points of interconnection are required, but the Parties will work together in good faith to add additional points of interconnection if traffic patterns between the Parties change significantly from those existing as of the date of this Amendment.

5. Tandem Management.

- 5.1 When Transit Traffic originated by a third party is routed through a CenturyLink Tandem to CMRS, and the third party is not legally obligated to compensate CenturyLink for the Transit Service provided in transporting the traffic to CMRS as a result of paragraph 999 of the FCC Order, then CMRS, upon notice from CenturyLink (which notice will be given within a reasonable time after CenturyLink receives notice from any such third party) will either:
 - 5.1.1 Establish direct interconnection with such third party; or
 - 5.1.2 Pay the Transit charges for such traffic.
 - 5.2 Transit Service is provided by CenturyLink, as a local and Access Tandem Switch provider to the CMRS to enable the completion of calls originated by or terminated to end users of another Telecommunications Carrier which is connected to CenturyLink's Switches.
 - 5.3 Except as may be contemplated by Section 5.1 above, the originating company is responsible for payment of appropriate rates to the transit company and to the terminating company. The Parties agree that it is the originating Party's sole responsibility to enter into traffic exchange agreements with third party Telecommunications Carriers prior to delivering traffic to be transited to third party Telecommunications Carriers. In the event one Party originates traffic that transits the second Party's network to reach a third party Telecommunications Carrier with whom the originating Party does not have a traffic exchange agreement, then the originating Party will indemnify, defend and hold harmless the second Party against any and all charges levied by such third party Telecommunications Carrier, to the extent that the originating company is obligated to pay such charges to the terminating company, including any termination charges related to such traffic and any attorneys fees and expenses.
6. Reservation of Rights. Effective July 1, 2012, reciprocal compensation will be bill and keep, but notwithstanding anything in this Amendment or in the Interim Service Arrangement to the contrary, and notwithstanding the execution of this Amendment by the Parties, such bill and keep arrangement shall be in all respects subject to the provisions of any future stay, revision, reconsideration, change or modification of the Order by the FCC or a court of competent jurisdiction.
7. While the Parties expressly agree to the terms and provisions of this Amendment, the Parties disagree regarding certain interconnection obligations and each Party reserves its legal rights regarding interconnection obligations, and neither Party waives any such rights in future negotiations or arbitrations.
