

Selective Call Forwarding

Now you can be sure your most important calls get answered. Selective Call Forwarding automatically forwards certain calls to a different local, long-distance or wireless number.*

To activate

To cancel

A recording will tell you how to forward up to 15 important phone numbers to another number you choose.

Please refer to the back for more detailed instructions.

How to use Selective Call Forwarding

- Lift the receiver and press ***63**.
- You'll hear a recorded message. Follow the instructions to identify up to 15 phone numbers you want to forward.
- The recording also tells you how to identify a "receiving" phone number you want your calls forwarded to.
- When someone who is on your Selective Call Forwarding list calls, they will be automatically forwarded to your "receiving" number.
- Calls from numbers that aren't on your Selective Call Forwarding list will ring through to your home phone as usual.
- Forwarded numbers must originate from a local or local long-distance area.

How to cancel selective Call Forwarding

- Lift the receiver and press ***83**. Follow the recorded instructions.

For Rotary Phones

If you are using a rotary-dial telephone instead of a touch-tone phone, dial **11** in place of the ***** key. For example ***63** is **1163** on rotary phones.

* Available in most areas. Some restrictions apply. Measured service and long-distance charges may apply for completed calls.
